From,
Managing Director,
Meghalayan Medical Drugs and Services Limited

To,
All Districts
Medical Superintendents (MS),
District Medical and Health Officers (DMHO),
Medical Officers (MO),
Respective Pharmacists of all Districts,
Respective Storekeepers of all Districts

Sub:- Letter Regarding Reagents Module

Sir/ Madam,

The undersigned office is pleased to announce the launch of the **Reagents Module** under the **Corporation Application**, effective **12th November 2025**. This module has been developed to streamline and digitize the indenting and management of reagents used in laboratories across all health facilities, ensuring timely availability and improved efficiency in diagnostic operations.

This initiative marks another milestone in our continuous effort to integrate all medical, surgical, and diagnostic requirements under a unified digital platform. The new module replaces the earlier manual and spreadsheet-based process, offering real-time tracking, centralized visibility, and seamless coordination between facilities and warehouses.

Key Highlights:

- Online indenting, issuance, and receipt of reagents with complete traceability.
- Real-time visibility of reagent stock at facility and warehouse levels.
- Automated data capture for planning and reporting.
- Interface aligned with existing Drug, Diagnostic, Surgical Modules for ease of use.

Facility (Laboratory/ Storekeeper) Process:

Users shall log in to the Corporation Application and navigate to
Requisition Order → CR → Create New Indent.

A list of reagents categorized by type and manufacturer will be displayed. Facilities must ensure correct selection of the **category-manufacturer-reagent combination**, specify required quantities accurately, and submit the indent for approval. The correctness of this selection rests solely with the facility.

Facilities can also track issued items, received stock, and current reagent availability through the same interface.

Note: The list of reagents available for indenting is enclosed as **Annexure - I**.

Medical Officer/ Approving Authority Process:

Authorities may review indents under **Requisition Order → CR → Approve**, and may approve or edit requests with remarks as required. Approved indents are automatically forwarded to the respective warehouse for processing.

Warehouse Process:

District and State Warehouses shall continue using their existing diagnostic/surgical logins. The process will mirror the current Diagnostics and Surgical workflows but will be specific to reagents.

All facilities are requested to initiate the use of the Reagents Module immediately to ensure smooth transition and uninterrupted laboratory operations.

For any assistance or feedback regarding the module, kindly contact this office at the earliest. Your cooperation in strengthening the Corporation's digital initiatives is sincerely appreciated.

Thank you for your attention.

You can contact us through the following channels:

1. Call the **Toll Free Line 14410** and select **option 4 for MMDSL**.
2. Contact us through email:
contactdesk@mmdsl.in - For General Inquiries
grievance@mmdsl.in - For Grievances/ Feedback
3. Contact us the Respective District Whatsapp Groups: **+919863033404**
4. Using the Grievance Redressal Portal through MMDSL website for submitting Grievances or Feedback: <https://mmdsl.in/grievance> or directly through the MMDSL Website and selecting **More -> Grievance Redressal Mechanism**.

Yours faithfully,

Shri. Ramakrishna Chitturi
Managing Director
