No. MMDSL/AYUSH-HOME0/2023/(20)

Dated: 15.09.2025

NOTICE

Reference Tender Notice No: MMDSL/AYUSH-HOME0/2023/(64), dated 05th/09/2025 for supply of AYUSH Drug, following notice to the Tender notice are hereby notified through this to all concerned.

Sl no	Queries from the bidders	Tender clause	Response of the Committee
1	i) A number of essential medicines required for regular patient care have not been included in the tender list.	NA	The Committee will review and notify the same through appropriate corrigendum or clarification as required.
2	ii) For several of the listed items, the strength/quantity (ml, gm, mg, etc.) has not been clearly specified, which creates ambiguity in understanding the exact requirement.	NA	Same as sl.no.1
3	iii) Whether the missing essential medicines can be incorporated in the tender list.	NA	Same as sl.no.1
4	iv) Whether a corrigendum/addendum will be issued specifying the correct strength/quantity (ml, gm, mg, etc) for all items.	NA	Same as sl.no.1
5	Query: The specified turnover requirement of ₹20 Crores appears to be on the higher side, especially considering the nature of the products and scope of the tender. This high threshold may restrict participation to only a limited number of large manufacturers, thereby reducing healthy competition. Request: We request the authorities to kindly reconsider and revise the turnover criteria to a more inclusive threshold ₹2 Crores, which would encourage wider participation from capable and experienced small and medium-11 scale manufacturers.	i) As per Tender Clause in Section 4 Point No. u: "Manufacturer should have an Average Turnover of 20 crore for the last 3 Accounting years (C.A Audited statement such as copies of the Trading account, Profit and Loss and Balance Sheet Account for last three years) i.e. 2021-22, 2022-23 & 2023-24."	To ensure the quality of drugs and strict adherence to tender drugs standard quality, the average turnover is revised to 15cr.
6	Query: The tender includes a wide range of products, each requiring detailed technical documentation, certifications, and pricing inputs. As such, preparing a comprehensive bid within the current timeline is challenging. Request: We request an extension of at least 30 days to ensure all prospective bidders have sufficient time to prepare accurate and compliant proposals.	ii) Extension of Bid Submission Timeline	The bid submission timeline will be extended by 15 days from the date of the last submission specified in the tender document

7 Query: As per the tender terms, the supply of medicines is to be made to various locations across the state. This approach leads to significantly higher logistics and transportation costs per delivery, especially when order volumes are low. For manufacturers and suppliers, this results in a commercially unviable or loss-making proposition. Request: We request the authority to kindly consider one or more of the following options to address this concern: ·Consolidating orders by district or region to enable bulk dispatches. ·Fixing a minimum order quantity per delivery/location. ·Providing separate logistics support or reimbursement for small-quantity deliveries.	iii) Supply of Medicines in Small Quantities to Multiple Locations	In view of the current non-availability of adequate storage space and required manpower, the request cannot be acceded to at this stage. However, efforts will be made by the office to ensure that necessary storage facilities and manpower are arranged at the District/State level, and the same will be duly communicated to all suppliers.
--	--	---

8. In reference to the response to sl.no.1-4, a list of drugs with revised strength is enclosed at the following Annexure.

9. The Last date of submission is extended to dated 21st.Oct.2025 at 12:00pm and the tender opening is on the same date at 1:00pm in the office of MMDSL, Shillong.

Other Terms and Conditions remain the same.

B. Choudhary

- a) Bidders are required to strictly adhere to the prescribed format. Any deviation in the quoted drug items shall result in disqualification of that particular item.
- b) The quoted rates must correspond to the revised drugs and strengths listed in the table and strictly follow the price bid format specified in the tender document.
- c) Bidders must submit soft copies of both the Technical Format and the Price Bid Format as part of their submission.
